

Lesley Buckley, PhD, FCCPM

Medical Physicist, The Ottawa Hospital

Assistant Professor, Dept of Radiology, University of Ottawa
Ottawa, ON

Lesley Buckley completed her PhD in medical physics at Carleton University and has been a member of the physics department at the Ottawa Hospital since 2005, where she works as a clinical medical physicist. Lesley has been the radiation safety officer for the cancer program since 2017 and holds CCPM certifications in both radiation oncology physics and diagnostic imaging. Her academic interests relate to imaging and imaging dose in radiation therapy.
